

# MyCentsys Pro

## WHAT'S INSIDE

**MyCentsys Pro** is the ultimate installer app designed by pros for pros – like you. Explore a large canvas of fantastic features to make your life easier and give you the edge with the **SMART** experience. In this handy infographic, we'll show you how to access commissioning, configuration, diagnostic, and support functionality using the intuitive and user-friendly **MyCentsys Pro** mobile app for **CENTURION SMART** solutions.

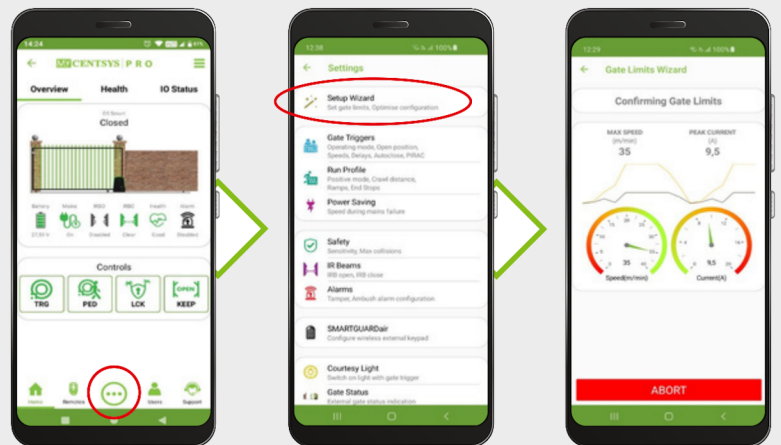

### COMMISSIONING

You'll work smarter, not harder thanks to lightning-fast and super-easy setup of gate limits, which is done with the guidance of intuitive and interactive graphic wizards to make your life even easier.

#### TO SET THE GATE LIMITS:

1. Select the applicable operator;
2. Tap the hamburger menu at the bottom of the screen;
3. Tap settings on the left;
4. Select Setup Wizard;
5. Follow the onscreen prompts to perform the commissioning procedure. Incredible visuals will guide you every step of the way!

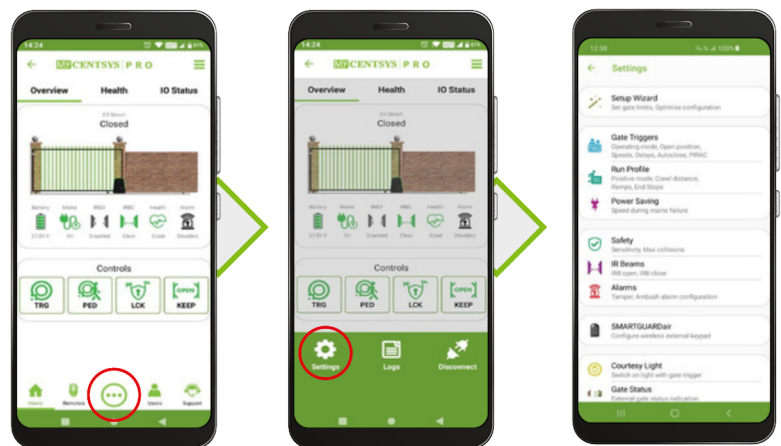

### SETTINGS

A wide variety of customising options are available to let you fine-tune your client's experience.

#### TO CONFIGURE SETTINGS:

1. Tap on the hamburger menu at the bottom of the screen;
2. Tap Settings;
3. From here, you will be able to configure:
  - Triggers - Gate Lock
  - Run Profile - Backup/Restore
    - Power Saving - Operator Information
  - Safety - Factory Reset
  - IR Beams - Reset Operator Type
    - Alarms - Inbox Notifications
  - SMARTGUARDair - ChronoGuard
  - Courtesy light - Trigger Schedules
  - Gate Status - Advanced Settings
  - Holiday Lockout

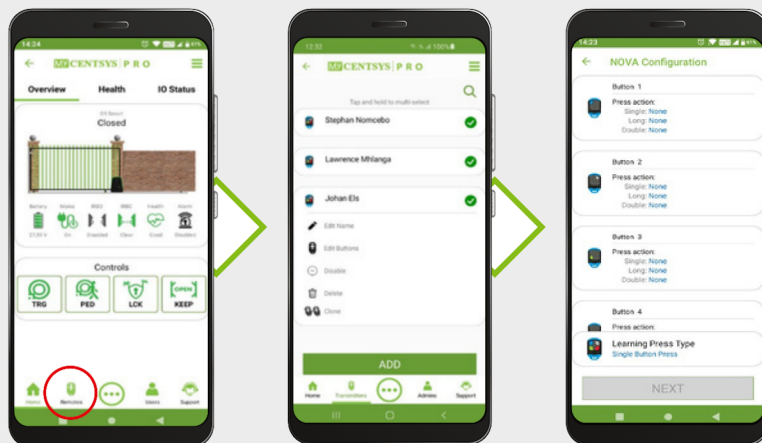

## REMOTES

With the **MyCentsys Pro** mobile app, managing your client's remote control database just couldn't be easier. **MyCentsys Pro** enables you to quickly and effortlessly add, edit, delete and label remotes as well as setting up each individual button's associated functionality, for example opening a gate fully or for pedestrians.

### TO MANAGE REMOTE CONTROLS:

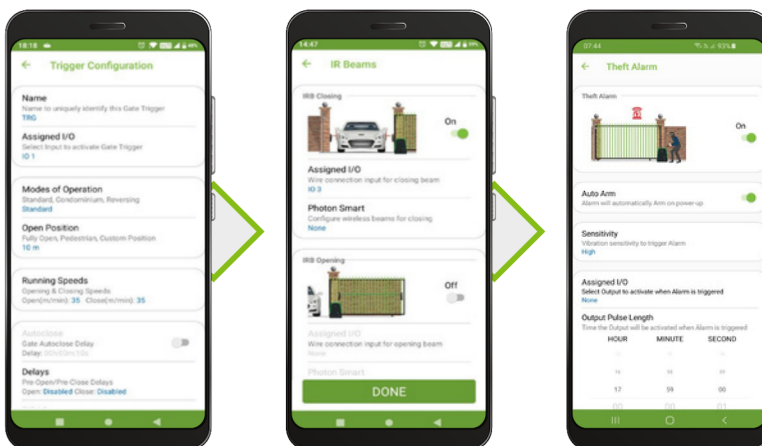

1. Tap Remotes at the bottom of the screen;
2. Tap Add;
3. Specify actions for each remote button;
4. Tap Next;
5. Tap Next again;
6. Press any button on the remote to be programmed;
7. Assign a name to the remote;
8. Repeat steps to add additional remotes

## CONFIGURE IO

Want to configure IOs? Go **MyCentsys Pro!** With improved input/output configuration and optimisation, our mobile app for the **SMART** range ensures the most flexible and versatile installation that can be customised to your clients' unique access automation needs.

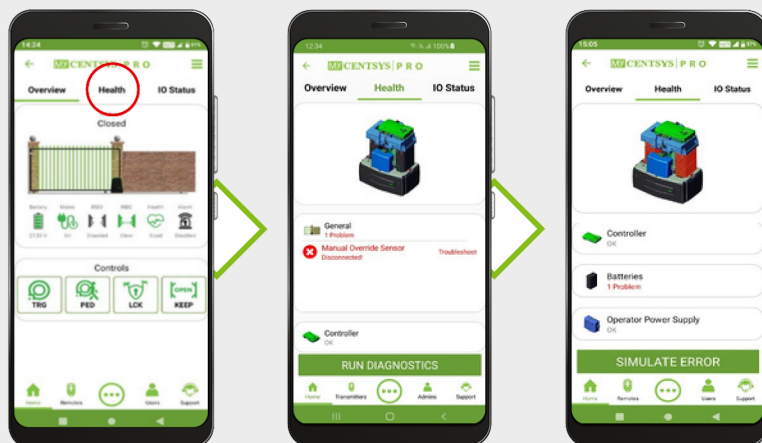

You will be shown an option to configure the individual channels once limit setup has been completed.

## DIAGNOSTICS

You won't believe how easy it is to ensure that your client's gate or garage door motor is happy and healthy.

1. Tap Health
2. Following diagnostics are displayed:  
General;  
Controller;  
Batteries;  
Operator Power Supply

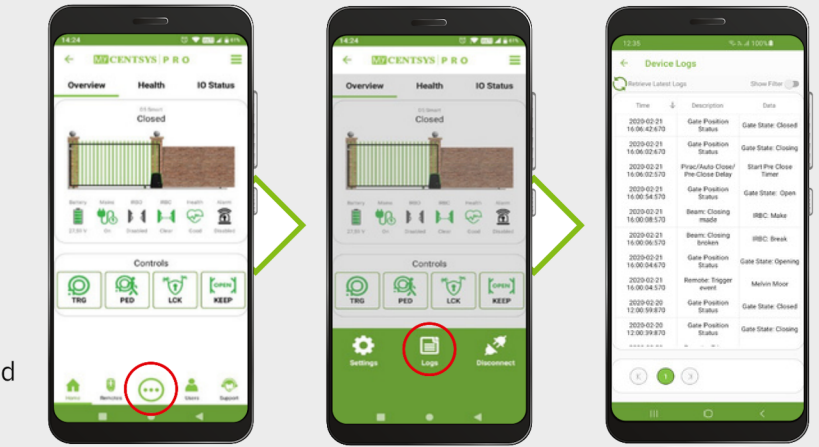

## LOGGING

Our app for our **SMART** gate motors records the gate status and activation data, giving you a detailed transaction log of the gate status at specific times, trigger events and who initiated actions on the gate motor, giving you more control.

### TO VIEW SYSTEM LOGS:

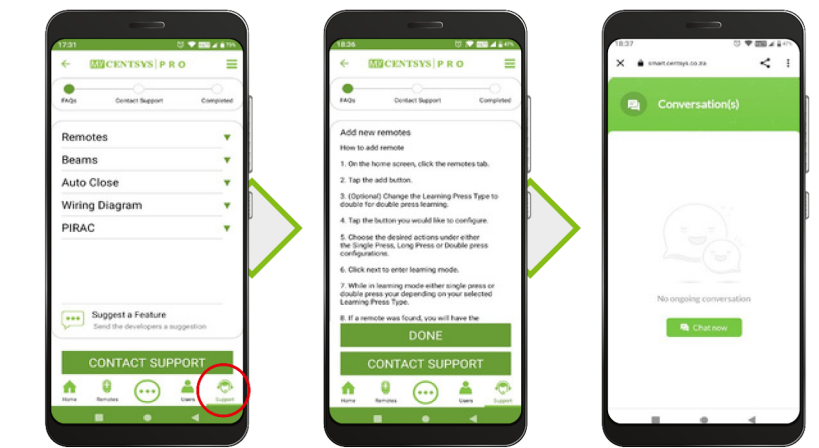

1. Tap the hamburger menu at the bottom of the screen;
2. Select Logs (middle option);
3. Logs can be viewed onscreen, exported, uploaded and filtered.

## SUPPORT

Fast, easy access to world-class technical support - right at your fingertips. Not only will you be able to connect with our tech support team, but the app also comes loaded with wiring diagrams, product manuals and quick guides, including documentation for the G-ULTRA GSM solution and the SMARTGUARDair wireless keypad - great complementary products for our most innovative range yet.

To access support features, tap the Support icon at the bottom right of the screen.

## SMART TV

With **MyCentsys Pro**, you also get an all-access pass to loads of great video content from SMART TV, with new videos being published directly to the app as they are released.

- **Installation tips** - install like a pro and be sliding in no time with easy-to-follow video tutorials and walkthroughs
  - **What's new?** - with SMART TV, you'll be the first to know about the latest and best features as they are released
  - **Watch onsite, at home, or on the go** - we automatically publish new videos to the **MyCentsys Pro** mobile app, so you can watch them anytime, anywhere
- SMART TV is found under the Settings menu.
